					CO4	Evaluate the functions of the Competition Commission of India and the role played by the Director General in conducting the investigation process	K5
					CO5	Gain the insight on Competition Advocacy	K2
40	VIII	HOLA0805	Cyber Law and Information Technology	Ancillary Hon's	CO1	Understand the level of technological advance in the Commercial arena and to know the laws regulating cyberspace.	K2
					CO2	Apply the rudiments of internet technology to Contracts, Crimes and civil wrongs.	K3
					CO3	Explore the legal and policy developments in various countries regulating cyberspace.	K2
					CO4	Analyze the scope and function of legal and technological regulation of the internet.	K4
					CO5	Gain insights into Information Technology Act and legal framework of right to Privacy, Data Security and Data Protection.	K2
41A	VIII	HOS30801	a. International Human Rights Law	Specialized Honours	CO1	Identify the basics of international human rights law and its application at the municipal level.	K3
					CO2	Understand the scope and limitations of human rights discourse and law making.	K2
					CO3	Apply the national and international human rights law at various courts, political platforms and societal groups.	K3
					CO4	Create strategies involving policies, laws and governance to strengthen the human rights framework.	K6
					CO5	Construct and evolve the application of human rights to complex social, political and economic situations.	K6

41B	VIII	HOS30802	b. Human Rights in the Constitutional Law	Specialized Honours	CO1	Appreciate the provisions under the Indian Constitution dealing with human rights.	K3
					CO2	Realise liberty, Equality and Fraternity (union of trinity) by ensuring that these values are applicable not in the public domain but also in the private sphere.	K2
					CO3	Display the understanding of the practical application of human rights legislations to specific human rights problems in India.	K3
					CO4	Advocate about human right awareness and duties education.	K4
					CO5	Evaluate the role of the judiciary in balancing individual liberty with social control.	K5
41C	VIII	HOS30803	c. Cyber Crime	Specialized Honours	CO1	Understanding emerging forms of cybercrime and identifying various forms of cybercrime as well as risk factors for victimization and perpetration.	K2
					CO2	Develop, understand, and apply the sociological perspective to various forms of cybercrime and comprehend the intersections between cybercrime and other criminal behaviour.	K6
					CO3	Applying various theoretical perspectives to understand the role of Police, Government offices, students, lecturers and the Non-Governmental Organizations to cater to the problem of cybercrimes.	K3
					CO4	Identify the essential and up-to-date concepts, algorithms, protocols, tools, and methodology of cyber-forensics to correctly define and cite appropriate instances for the application of computer forensics Correctly	K3
					CO5	Apprehending the challenges and barriers law enforcement experiences during cybercrime investigations.	K4
41D	VIII	HOS30804	d. Insurance Law	Specialized Honours	CO1	Demonstrate knowledge of the legal and ethical aspects of insurance Law.	K2
					CO2	Discuss and appreciate the importance of the impact of globalization and diversity in modern insurance-based organizations.	K2
					CO3	Apply how losses are measured and the various principles such as of indemnity, Contribution, subrogation, reinstatement etc that are applied in accessing insurance claims.	K3
					CO4	Develop the ability of critical thinking and an analytical approach to the application of knowledge and skills.	K6
					CO5	Reframe the significance of various types of insurances and the consequences of the happening of various perils insured against.	K3
					CO1	Understand the nature, scope and ownership issue of traditional knowledge, traditional cultural expression and genetic resources	K2
					CO2	Comprehend and focus on the protection of traditional knowledge and genetic resources and the reforms needed at the International and National level.	K2

42A	VIII	HOS40801	a. IP on Traditional Knowledge and Genetic Resources	Specialized Honours	CO3	Interpret the impact of Traditional Knowledge, Genetic resources and Cultural IP in the aspects of protection of indigenous communities.	K2
					CO4	Analyses the need for proper forum to address the challenges in IP protection for Traditional Knowledge.	K4
					CO5	Identifies and promotes the participation of Indigenous communities in International IP debates.	K3
42B	VIII	HOS40802	b. Land Laws of Tamil Nadu	Specialized Honours	CO1	Classify the State legislations relating to land	K4
					CO2	Identify procedure in fixing ceiling limit	K3
					CO3	Useful to relate procedural aspects in registration of land, obtaining patta, Chitta	K3
					CO4	Enumerate and help in civil side practice.	K4
					CO5	Analyze the laws pertaining to Land Registration in the State of Tamil Nadu	K4
42C	VIII	HOS40803	c. Forensic Science and Investigation	Specialized Honours	CO1	Keep pace with the emerging developments in Criminal Justice and Forensic Science and help to generate the well-informed citizens on the criminal laws and with an exposure to the application of forensic science in crime investigation.	K2
					CO2	Enhance the competencies of the professionals working in the area of the criminal justice system.	K2
					CO3	Deduce the evidence presented as part of a case study by considering the subjective and objective nature of the evidence and what this may mean to the strength of conclusions.	K3
					CO4	Evaluate the limitations of forensic techniques and interpretations and explore the nature and limitations of the evidence that scientific tests deliver.	K4
					CO5	Insight into forensic practice and the law relating to forensics allows one to discover interests in forensics and has been a revelation in terms of the career after this degree.	K2
42D	VIII	HOS30804	d. Service Laws	Specialized Honours	CO1	Understand the origin and development of services law and appreciate its current position in the appropriate historical context	K2
					CO2	Analyse the Constitutional provision governing services law	K4
					CO3	Identify the key concepts in laws governing public services	K3
					CO4	Critically examine laws and judicial precedents governing services laws	K4
					CO5	Elaborate on the changing roles and the impact of globalization on bureaucracy.	K6
43	VIII	HOCC0802	Alternative Dispute	Clinical Core	CO1	Understand the nature, scope and ownership issue of traditional knowledge, traditional cultural expression and genetic resources.	K2
					CO2	Examine the protection of traditional knowledge and genetic resources at the International and National level.	K4
					CO3	Interpret the impact of Cultural Property on the intangible cultural heritage of the country.	K2

			Resolution Policy		CO4	Generalize the international and national level address the Issue of TK and GeneticResources.	K4
					CO5	Compile legal and policy norms at the intersection of the three regimes.	K6
44	IX	HOLC0919	Civil Procedure Code and Limitation Act	Core Law	CO1	Examine a complete grasp and understanding of the general principles of Civil Procedure and gain mastery over the subject.	K4
					CO2	Illustrate a thorough explanation on all the essential aspects of civil procedure and practice, right from the inception of a civil suit until its finality, with reference to limitation laws.	K
					CO3	Construct knowledge on the latest trends involved in the electronic filing of civil suits including e-vakalatnama.	K3
					CO4	Understand about the latest amendments incorporated along with its effects.	K2
					CO5	Appraise themselves as future advocates in civil side practice.	K5
45	IX	HOLC0920	Criminal Procedure Code (Law of Crimes-II)	Core Law	CO1	Ensure a fair trial where none of the rights of the accused are compromised nor are they unjustifiably favored. Furthermore, to ensure that the judge concerned hears all parties who are relevant to the trial, their presence at the trial is obviously important.	K3
					CO2	Familiarize the crucial aspects relating to investigation and trial of offences (like initiation of criminal cases, powers and duties of police during investigation of offences, stages of criminal trial, functions, duties, and powers of criminal courts)	K2
					CO3	Sensitize critical issues in administration of criminal justice (like protection of human rights of accused, victims, principles of fair trial)	K3
					CO4	Sets the state's machinery running with respect to enforcing law and order and imparting justice, and regulates the procedure followed by these institutions.	K4
					CO5	Create legal machinery for the detection of crime, apprehension of suspected criminals, collection of evidence, determination of the guilt or innocence of a suspect, and imposing suitable punishment on the guilty person.	K6
46	IX	HOLA0906	Maritime Law	Ancillary Hon's	CO1	Appraise the International and Indian Admiralty and Maritime laws	K2
					CO2	Articulate and analyze the roles of national governments and international organizations in the regulation of laws of sea	K3
					CO3	Gain insights on practice in maritime and admiralty law in India	K2
					CO4	Know how the admiralty system works in India with reference to ship management, safety and merchant shipping	K5
					CO5	Appraise the protection of maritime labourers.	K2
					CO1	Demonstrate the conceptual necessity, contextual inevitability and the legal adaptability of trans-national transactions.	K2
					CO2	Discover the desirability and effectiveness of sovereign immunity and impact of foreign judgments and create the worn-out deliberation on the most crucial aspect	K4

47A	IX	HOS50901	a. Private International Law	Specialized Honours		affecting the frontier activities.	
					CO3	Utilize the knowledge of a substantial range of major concepts, values, principles and rules of conflict of laws and make use of its substantial and procedural aspects explaining the relationship between them in specified areas.	K2
					CO4	Prioritize and comprehend the complex issues arising out of trans-national matrimonial relationships; horizons of contract, tort, and property beyond domestic frontiers	K3
					CO5	Formulate the compelling influence of different personal factors beyond the boundaries of transactions.	K6
47B	IX	HOS50902	b. Law of Election	Specialized Honours	CO1	Applying the Constitutional perspectives relating to these subjects have to be taught as an essential part of this course.	K5
					CO2	Understand on Election law and the diversity of electoral institutions and arrangements	K2
					CO3	Different Procedural aspects of holding elections under various Constitutions	K4
					CO4	Effectiveness of Election law as the means to articulate, deliver and regulate the democratic rights	K4
					CO5	Role of Judiciary in adjudication of Election Disputes	K5
47C	IX	HOS50903	c. Victimology	Specialized Honours	CO1	Understand the physical, emotional, and psychological effects of victimization on individuals and their families	K2
					CO2	Understand the various theories and research methodologies used in victimology	K4
					CO3	Analyse the different types of victim services available to victims of crime, including crisis intervention, counseling, and legal assistance	K6
					CO4	Comprehend on legal rights of victims, including the right to be heard in court, the right to compensation, and the right to privacy	K4
					CO5	Research on the principles and practices of restorative justice, including the importance of repairing harm and addressing the needs of victims, offenders, and the community as a whole	K3
47D	IX	HOS50904	d. International Commercial Arbitration	Specialized Honours	CO1	Acquire knowledge on arbitration as a dispute settlement mechanism in international commercial disputes.	K1
					CO2	Compare and understand the relationship between UNCITRAL Model Law and International Commercial Arbitration.	K4
					CO3	Demonstrate the cooperation between Arbitration and National Judicial Systems.	K2
					CO4	Analyse the forms and important aspects of International Commercial Arbitration.	K4

					CO5	Understand the concept of agreements related to International Commercial Arbitration.	K2
48A	IX	HOS60901	a. Intellectual Property Litigations	Specialized Honours	CO1	Identify the practical application IP Laws and the procedural aspects of enforcement of Intellectual Property Rights.	K3
					CO2	Discover and learn about cross border IP litigations by analyzing the interpretation of IP Laws.	K6
					CO3	Understand the dispute resolution mechanism and the significance of Arbitration measures.	K2
					CO4	Analyses the cost-effective mechanism and the best practices to be followed in disputed redressal forums.	K4
					CO5	Appraise international IP enforcement mechanism and its challenges, impact and the reforms needed to promote harmonization in IP business.	K5
48B	IX	HOS60902	b. RERA and Tenancy Law	Specialized Honours	CO1	Knowledge to solve practical problems	K1
					CO2	Understand and describe legislative power to make laws relating to land in the state list.	K2
					CO3	Applying the Constitutional perspectives relating to these subjects have to be taught as an essential part of this course.	K3
					CO4	Different states have enacted their own laws on this subject and the application of these laws is varied from state to state.	K4
					CO5	Problem-solve complex issues in the land related matters and society related to Real estate, disputes between landlord and tenant including cultivating tenant	K6
48C	IX	HOS60903	c. Psychology of Crime	Specialized Honours	CO1	Understand the cause of behavior at an individual level. Environmental, Biological, Physiological, cognitive and psychological factors affecting, or motivating individuals to behave in a certain manner.	K2
					CO2	Analyze the social factors, which can explain behavior of individuals in a group. It is aimed at understanding how presence of others affects the behavior of an individual	K4
					CO3	Create instructions and increase the knowledge of investigators to help them deal with cases of mental illness who are involved in crime.	K6
					CO4	Comprehend the mental state of those who have shown deviant behavior and how such offenders can be reintegrated back into the society.	K3
					CO5	Research on ways to deal with investigator, offender and victims' issues, which arise during the process of case investigation. It is to draw and develop effective interventions to maintain and improve mental health of professionals and to provide counselling to offenders and victims.	K6
			d. Social	Specialized	CO1	Comprehend the complex issue of unorganised labour and their challenges	K3
					CO2	Identify the crucial role played by ILO in their upliftment	K3
					CO3	Critically analyse social security law through the lens of unorganised labour	K4

48D	IX	HOS60904	Security and Unorganised Labour	Honours	CO4	Critically evaluate the challenges faced by workers in unorganised sector	K5
					CO5	Propose solutions to sector specific problems and critically examine the effortstaken to legislate for their improvements	K6
49	IX	HOCC0903	Drafting Pleading and Conveyancing and Chamber Visit	Clinical Core	CO1	Learn not only from the text but also the practical approach which is a must for anadvocate.	K2
					CO2	Establish a law firm and will coordinate registration work.	K6
					CO3	Depth knowledge in this subject matter and to understand the nature of drafting inpleadings and conveyancing.	K1
					CO4	Enumerate certain legal conditions and other formalities that are governed by law andproperty law.	K4
					CO5	Choose practice before the court drafting of pleading is most necessary	K6
50	X	HOLC1021	Mediation and Conciliation	Core Law	CO1	Understand and resolve ethical hitches in Conciliation and Mediation as settlement mechanisms.	K1
					CO2	Apply and practice mediator skills and undertake legal research and promote legal reforms in theory and practice.	K3
					CO3	Choose the right techniques and apply effective communication, gain success by bringing about consensus and draw up settlement agreements.	K3
					CO4	Summarise and apply the substantive techniques of mediation and conciliation	K3
					CO5	Appraise via internship and training as observers at court-annexed mediation centers, at private mediation centers, with sitting/former Judges of Supreme Court and/or High Courts, and/or by senior and/or experienced Advocates.	K2
51	X	HOLC1022	Law of Taxation	Core Law	CO1	Understand the meaning, nature and scope of tax along with its constitutional background.	K2
					CO2	Recognize the taxable event that has Income tax / GST implications together with itsprocedural aspects embodied in respective tax laws.	K2
					CO3	Apply the theoretical knowledge in computation of income tax and GST as it operatesin relation to individuals and other entities.	K3
					CO4	Analyse the procedural aspects for assessment of tax liability for various assessments.	K4
					CO5	Evaluate the powers and functions of various tax authorities under different tax statutes.	K5
52	X	HOLC1023	Criminal Minor Acts	Ancillary Hon's	CO1	Understand the legal framework surrounding minor offenses, including the relevant laws and regulations that govern these types of offenses	K1
					CO2	Identify the key elements that make up different types of minor offenses, including the specific actions or behaviours that are prohibited by law	K2
					CO3	Identify the potential penalties associated with committing minor offenses, including fines, community service, and short-term imprisonment	K4

					CO4	Analyse into the criminal justice system, including the different stages of arrest, booking, arraignment, and trial	K6
					CO5	Understand how the criminal justice system operates in relation to minor offenses, including the role of law enforcement, prosecutors, and defence attorneys	K2
53	X		Mock Court and Court Training Programme	Clinical Core	CO1	Demonstrate a thorough and contextual knowledge of the various laws particularly in its application to real and hypothetical legal problems.	K2
					CO2	Analyze as well as critical thinking of students over interesting and contemporary legal issues.	K4
					CO3	Develops interest in advocacy and competence as an advocate.	K6
					CO4	Develops skill in advocacy, legal research and writing skills.	K6
		HOCC1004			CO5	Construct interest in advocacy and competence as an advocate.	K6

COURSE OUTCOMES – B.COM. LL. B (Hons.)

Sl.no	Sem	Course Code	Course Name	Category	Course Outcome (CO)	Cognitive Level	
1	I	HOBM010	Legal Language and Literature– English-I	Interdisciplinary	CO1	Recognize the ability of language skills, both spoken and written.	K1
					CO2	Understand the sound system of the English language to enable proper articulation/pronunciation required for honing their language skills.	K1
					CO3	Interpret the prudence of grammatical structure of English language and its proper usage.	K2

					CO5	Compile the nuances of retirement benefits payable to employees, test the compliance to be followed by factories critically analysing the relevant laws.	K6
39	VIII	HOLA0804	Competition Law	Ancillary Hon's	CO1	Understand the Economic theory of competition law, the need for protecting competition in the market and the difference between competition law and policy.	K2
					CO2	Apply the leading provisions regulating competition in India with special reference to the Competition Act, 2002.	K3
					CO3	Analyze the various kinds of anti-competitive practices such as Anti-competitive agreements, abuse of dominant position and combination with special reference to landmark judgments.	K4
					CO4	Evaluate the functions of the Competition Commission of India and the role played by the Director General in conducting the investigation process	K5
					CO5	Gain the insight on Competition Advocacy	K2
40	VIII	HOLA0805	Cyber Law and Information Technology	Ancillary Hon's	CO1	Understand the level of technological advance in the Commercial arena and to know the laws regulating cyberspace.	K2
					CO2	Apply the rudiments of internet technology to Contracts, Crimes and civil wrongs.	K3
					CO3	Explore the legal and policy developments in various countries regulating cyberspace.	K2
					CO4	Analyze the scope and function of legal and technological regulation of the internet.	K4
					CO5	Gain insights into Information Technology Act and legal framework of right to Privacy, Data Security and Data Protection.	K2
41A	VIII				CO1	Identify the basics of international human rights law and its application at the municipal level.	K3
					CO2	Understand the scope and limitations of human rights discourse and law making.	K2

		HOS30801	a. International Human Rights Law	Specialized Honours	CO3	Apply the national and international human rights law at various courts, political platforms and societal groups.	K3
					CO4	Create strategies involving policies, laws and governance to strengthen the human rights framework.	K6
					CO5	Construct and evolve the application of human rights to complex social, political and economic situations.	K6
41B	VIII	HOS30802	b. Human Rights in the Constitutional Law	Specialized Honours	CO1	Appreciate the provisions under the Indian Constitution dealing with human rights.	K3
					CO2	Realise liberty, Equality and Fraternity (union of trinity) by ensuring that these values are applicable not in the public domain but also in the private sphere.	K2
					CO3	Display the understanding of the practical application of human rights legislations to specific human rights problems in India.	K3
					CO4	Advocate about human right awareness and duties education.	K4
					CO5	Evaluate the role of the judiciary in balancing individual liberty with social control.	K5
41C	VIII	HOS30803	c. Cyber Crime	Specialized Honours	CO1	Understanding emerging forms of cybercrime and identifying various forms of cybercrime as well as risk factors for victimization and perpetration.	K2
					CO2	Develop, understand, and apply the sociological perspective to various forms of cybercrime and comprehend the intersections between cybercrime and other criminal behaviour.	K6
					CO3	Applying various theoretical perspectives to understand the role of Police, Government offices, students, lecturers and the Non-Governmental Organizations to cater to the problem of cybercrimes.	K3
					CO4	Identify the essential and up-to-date concepts, algorithms, protocols, tools, and methodology of cyber-forensics to correctly define and cite appropriate instances for the application of computer forensics Correctly	K3
					CO5	Apprehending the challenges and barriers law enforcement experiences during cybercrime investigations.	K4
41D	VIII	HOS30804	d. Insurance Law	Specialized Honours	CO1	Demonstrate knowledge of the legal and ethical aspects of insurance Law.	K2
					CO2	Discuss and appreciate the importance of the impact of globalization and diversity in modern insurance-based organizations.	K2
					CO3	Apply how losses are measured and the various principles such as of indemnity, Contribution, subrogation, reinstatement etc that are applied in accessing insurance claims.	K3
					CO4	Develop the ability of critical thinking and an analytical approach to the application of knowledge and skills.	K6
					CO5	Reframe the significance of various types of insurances and the consequences of the happening of various perils insured against.	K3

42A	VIII	HOS40801	a. IP on Traditional Knowledge and Genetic Resources	Specialized Honours	CO1	Understand the nature, scope and ownership issue of traditional knowledge, traditional cultural expression and genetic resources	K2
					CO2	Comprehend and focus on the protection of traditional knowledge and genetic resources and the reforms needed at the International and National level.	K2
					CO3	Interpret the impact of Traditional Knowledge, Genetic resources and Cultural IP in the aspects of protection of indigenous communities.	K2
					CO4	Analyses the need for proper forum to address the challenges in IP protection for Traditional Knowledge.	K4
					CO5	Identifies and promotes the participation of Indigenous communities in International IP debates.	K3
42B	VIII	HOS40802	b. Land Laws of Tamil Nadu	Specialized Honours	CO1	Classify the State legislations relating to land	K4
					CO2	Identify procedure in fixing ceiling limit	K3
					CO3	Useful to relate procedural aspects in registration of land, obtaining patta, Chitta	K3
					CO4	Enumerate and help in civil side practice.	K4
					CO5	Analyze the laws pertaining to Land Registration in the State of Tamil Nadu	K4
42C	VIII	HOS40803	c. Forensic Science and Investigation	Specialized Honours	CO1	Keep pace with the emerging developments in Criminal Justice and Forensic Science and help to generate the well-informed citizens on the criminal laws and with an exposure to the application of forensic science in crime investigation.	K2
					CO2	Enhance the competencies of the professionals working in the area of the criminal justice system.	K2
					CO3	Deduce the evidence presented as part of a case study by considering the subjective and objective nature of the evidence and what this may mean to the strength of conclusions.	K3
					CO4	Evaluate the limitations of forensic techniques and interpretations and explore the nature and limitations of the evidence that scientific tests deliver.	K4
					CO5	Insight into forensic practice and the law relating to forensics allows one to discover interests in forensics and has been a revelation in terms of the career after this degree.	K2
42D	VIII	HOS30804	d. Service Laws	Specialized Honours	CO1	Understand the origin and development of services law and appreciate its current position in the appropriate historical context	K2
					CO2	Analyse the Constitutional provision governing services law	K4
					CO3	Identify the key concepts in laws governing public services	K3
					CO4	Critically examine laws and judicial precedents governing services laws	K4
					CO5	Elaborate on the changing roles and the impact of globalization on bureaucracy.	K6

43	VIII	HOCC0802	Alternative Dispute Resolution Policy	Clinical Core	CO1	Understand the nature, scope and ownership issue of traditional knowledge, traditional cultural expression and genetic resources.	K2
					CO2	Examine the protection of traditional knowledge and genetic resources at the International and National level.	K4
					CO3	Interpret the impact of Cultural Property on the intangible cultural heritage of the country.	K2
					CO4	Generalize the international and national level address the Issue of TK and Genetic Resources.	K4
					CO5	Compile legal and policy norms at the intersection of the three regimes.	K6
44	IX	HOLC0919	Civil Procedure Code and Limitation Act	Core Law	CO1	Examine a complete grasp and understanding of the general principles of Civil Procedure and gain mastery over the subject.	K4
					CO2	Illustrate a thorough explanation on all the essential aspects of civil procedure and practice, right from the inception of a civil suit until its finality, with reference to limitation laws.	K
					CO3	Construct knowledge on the latest trends involved in the electronic filing of civil suits including e-vakalatnama.	K3
					CO4	Understand about the latest amendments incorporated along with its effects.	K2
					CO5	Appraise themselves as future advocates in civil side practice.	K5
45	IX	HOLC0920	Criminal Procedure Code (Law of Crimes-II)	Core Law	CO1	Ensure a fair trial where none of the rights of the accused are compromised nor are they unjustifiably favored. Furthermore, to ensure that the judge concerned hears all parties who are relevant to the trial, their presence at the trial is obviously important.	K3
					CO2	Familiarize the crucial aspects relating to investigation and trial of offences (like initiation of criminal cases, powers and duties of police during investigation of offences, stages of criminal trial, functions, duties, and powers of criminal courts)	K2
					CO3	Sensitize critical issues in administration of criminal justice (like protection of human rights of accused, victims, principles of fair trial)	K3
					CO4	Sets the state's machinery running with respect to enforcing law and order and imparting justice, and regulates the procedure followed by these institutions.	K4
					CO5	Create legal machinery for the detection of crime, apprehension of suspected criminals, collection of evidence, determination of the guilt or innocence of a suspect, and imposing suitable punishment on the guilty person.	K6
46	IX	HOLA0906	Maritime Law	Ancillary Hon's	CO1	Appraise the International and Indian Admiralty and Maritime laws	K2
					CO2	Articulate and analyze the roles of national governments and international organizations in the regulation of laws of sea	K3
					CO3	Gain insights on practice in maritime and admiralty law in India	K2

					CO4	Know how the admiralty system works in India with reference to ship management, safety and merchant shipping	K5
					CO5	Appraise the protection of maritime labourers.	K2
47A	IX	HOLA0901	a. Private International Law	Specialized Honours	CO1	Demonstrate the conceptual necessity, contextual inevitability and the legal adaptability of trans-national transactions.	K2
					CO2	Discover the desirability and effectiveness of sovereign immunity and impact offoreign judgments and create the worn-out deliberation on the most crucial aspect affecting the frontier activities.	K4
					CO3	Utilize the knowledge of a substantial range of major concepts, values, principles and rules of conflict of laws and make use of its substantial and procedural aspectsexplaining the relationship between them in specified areas.	K2
					CO4	Prioritize and comprehend the complex issues arising out of trans-national matrimonial relationships; horizons of contract, tort, and property beyond domesticfrontiers	K3
					CO5	Formulate the compelling influence of different personal factors beyond theboundaries of transactions.	K6
47B	IX	HOS50902	b. Law of Election	Specialized Honours	CO1	Applying the Constitutional perspectives relating to these subjects have to be taught as an essential part of this course.	K5
					CO2	Understand on Election law and the diversity of electoral institutions and arrangements	K2
					CO3	Different Procedural aspects of holding elections under various Constitutions	K4
					CO4	Effectiveness of Election law as the means to articulate, deliver and regulate the democratic rights	K4
					CO5	Role of Judiciary in adjudication of Election Disputes	K5
47C	IX	HOS50903	c. Victimology	Specialized Honours	CO1	Understand the physical, emotional, and psychological effects of victimization on individuals and their families	K2
					CO2	Understand the various theories and research methodologies used in victimology	K4
					CO3	Analyse the different types of victim services available to victims of crime, including crisis intervention, counseling, and legal assistance	K6
					CO4	Comprehend on legal rights of victims, including the right to be heard in court, the right to compensation, and the right to privacy	K4
					CO5	Research on the principles and practices of restorative justice, including the importance of repairing harm and addressing the needs of victims, offenders, and the community as a whole	K3
					CO1	Acquire knowledge on arbitration as a dispute settlement mechanism in internationalcommercial disputes.	K1

47D	IX	HOS50904	d. International Commercial Arbitration	Specialized Honours	CO2	Compare and understand the relationship between UNCITRAL Model Law and International Commercial Arbitration.	K4
					CO3	Demonstrate the cooperation between Arbitration and National Judicial Systems.	K2
					CO4	Analyse the forms and important aspects of International Commercial Arbitration.	K4
					CO5	Understand the concept of agreements related to International Commercial Arbitration.	K2
					CO1	Identify the practical application IP Laws and the procedural aspects of enforcement of Intellectual Property Rights.	K3
48A	IX	HOS60901	a. Intellectual Property Litigations	Specialized Honours	CO2	Discover and learn about cross border IP litigations by analyzing the interpretation of IP Laws.	K6
					CO3	Understand the dispute resolution mechanism and the significance of Arbitration measures.	K2
					CO4	Analyses the cost-effective mechanism and the best practices to be followed in disputed redressal forums.	K4
					CO5	Appraise international IP enforcement mechanism and its challenges, impact and the reforms needed to promote harmonization in IP business.	K5
					CO1	Knowledge to solve practical problems	K1
48B	IX	HOS60902	b. RERA and Tenancy Law	Specialized Honours	CO2	Understand and describe legislative power to make laws relating to land in the state list.	K2
					CO3	Applying the Constitutional perspectives relating to these subjects have to be taught as an essential part of this course.	K3
					CO4	Different states have enacted their own laws on this subject and the application of these laws is varied from state to state.	K4
					CO5	Problem-solve complex issues in the land related matters and society related to Real estate, disputes between landlord and tenant including cultivating tenant	K6
					CO1	Understand the cause of behavior at an individual level. Environmental, Biological, Physiological, cognitive and psychological factors affecting, or motivating individuals to behave in a certain manner.	K2
48C	IX	HOS60903	c. Psychology of Crime	Specialized Honours	CO2	Analyze the social factors, which can explain behavior of individuals in a group. It is aimed at understanding how presence of others affects the behavior of an individual	K4
					CO3	Create instructions and increase the knowledge of investigators to help them deal with cases of mental illness who are involved in crime.	K6
					CO4	Comprehend the mental state of those who have shown deviant behavior and how such offenders can be reintegrated back into the society.	K3

					CO5	Research on ways to deal with investigator, offender and victims' issues, which arise during the process of case investigation. It is to draw and develop effective interventions to maintain and improve mental health of professionals and to provide counselling to offenders and victims.	K6
48D	IX	HOS60904	d. Social Security and Unorganised Labour	Specialized Honours	CO1	Comprehend the complex issue of unorganised labour and their challenges	K3
					CO2	Identify the crucial role played by ILO in their upliftment	K3
					CO3	Critically analyse social security law through the lens of unorganised labour	K4
					CO4	Critically evaluate the challenges faced by workers in unorganised sector	K5
					CO5	Propose solutions to sector specific problems and critically examine the effortstaken to legislate for their improvements	K6
49	IX	HOCC0903	Drafting Pleading, Conveyancing and Chamber Visit	Clinical Core	CO1	Learn not only from the text but also the practical approach which is a must for anadvocate.	K2
					CO2	Establish a law firm and will coordinate registration work.	K6
					CO3	Depth knowledge in this subject matter and to understand the nature of drafting inpleadings and conveyancing.	K1
					CO4	Enumerate certain legal conditions and other formalities that are governed by law andproperty law.	K4
					CO5	Choose practice before the court drafting of pleading is most necessary	K6
50	X	HOLC1021	Mediation and Conciliation	Core Law	CO1	Understand and resolve ethical hitches in Conciliation and Mediation as settlement mechanisms.	K1
					CO2	Apply and practice mediator skills and undertake legal research and promote legal reforms in theory and practice.	K3
					CO3	Choose the right techniques and apply effective communication, gain success by bringing about consensus and draw up settlement agreements.	K3
					CO4	Summarise and apply the substantive techniques of mediation and conciliation	K3
					CO5	Appraise via internship and training as observers at court-annexed mediation centers, at private mediation centers, with sitting/former Judges of Supreme Court and/or High Courts, and/or by senior and/or experienced Advocates.	K2
51	X	HOLC1022	Law of Taxation	Core Law	CO1	Understand the meaning, nature and scope of tax along with its constitutional background.	K2
					CO2	Recognize the taxable event that has Income tax / GST implications together with itsprocedural aspects embodied in respective tax laws.	K2
					CO3	Apply the theoretical knowledge in computation of income tax and GST as it operatesin relation to individuals and other entities.	K3
					CO4	Analyse the procedural aspects for assessment of tax liability for various	K4

						assessments.	
					CO5	Evaluate the powers and functions of various tax authorities under different tax statutes.	K5
52	X	HOLC1023	Criminal Minor Acts	Ancillary Hon's	CO1	Understand the legal framework surrounding minor offenses, including the relevant laws and regulations that govern these types of offenses	K1
					CO2	Identify the key elements that make up different types of minor offenses, including the specific actions or behaviours that are prohibited by law	K2
					CO3	Identify the potential penalties associated with committing minor offenses, including fines, community service, and short-term imprisonment	K4
					CO4	Analyse into the criminal justice system, including the different stages of arrest, booking, arraignment, and trial	K6
					CO5	Understand how the criminal justice system operates in relation to minor offenses, including the role of law enforcement, prosecutors, and defence attorneys	K2
53	X	HOCC1004	Mock Court and Court Training Programme	Clinical Core	CO1	Demonstrate a thorough and contextual knowledge of the various laws particularly in its application to real and hypothetical legal problems.	K2
					CO2	Analyze as well as critical thinking of students over interesting and contemporary legal issues.	K4
					CO3	Develops interest in advocacy and competence as an advocate.	K6
					CO4	Develops skill in advocacy, legal research and writing skills.	K6
					CO5	Construct interest in advocacy and competence as an advocate.	K6

COURSE OUTCOMES – B.C.A.LL. B (Hons.)

Sl. No.	Sem	Course Code	Course Name	Category	Course Outcome (CO)	Cognitive Level	
1	I	HOBC0101	Legal Language and Literature– English-I	Interdisciplinary	CO1	Recognize the ability of language skills, both spoken and written.	K1
					CO2	Understand the sound system of the English language to enable proper articulation/pronunciation required for honing their language skills.	K1
					CO3	Interpret the prudence of grammatical structure of English language and its proper usage.	K2
					CO4	Formulate to create the vocabulary for effective spoken and advocacy skills and good drafting skills, vital for the legal profession.	K6
					CO5	Justify the pinnacle spirits in Law, Politics, Society and Literature which widens and deepens their knowledge.	K5
2	I	HOBC0102	Business Statistics and Computer Applications	Interdisciplinary	CO1	Examine suitable graphical and numerical descriptive statistics for various types of data.	K4
					CO2	Interpret a range of hypothesis tests in a corporate setting to help decision making.	K2
					CO3	Apply probability rules and concepts relating to discrete and continuous random variables to answer questions within a business context.	K2
					CO4	Classify simple/multiple regression models to analyse the underlying relationships between the variables through hypothesis testing.	K6
					CO5	Assess statistical packages frequently used by professionals and use SPSS techniques to evaluate the data.	K5
3	I	HOBC0103	Principles of Economics	Interdisciplinary	CO1	Understand the various advanced economic principles as well as their applications.	K2
					CO2	Label first-hand information about the market structure, how resources allocate various market situations and enable to change the decision making in accordance with global scenarios.	K2
					CO3	Construct how to use limited means to present and retain for the future unlimited wants and how the law can support and, at times conflict with, the functioning of the market and the government, the other two important organizing forces of an economy.	K6
					CO4	Extend an interdisciplinary approach and enhance the employability of students.	K3
					CO5	Recognize the application of legal principles in the field of economics in the precise manner, as a social engineer and uphold the goal of the constitution to distribute the income and wealth of the nation to ensure welfare of each individual.	K2

4	I	HOBC0104	Computer Fundamentals and Legal Implications in Operating Systems	Interdisciplinary	CO1	Understand the fundamental functions of computers.	K1
					CO2	Design and analyze digital circuits with combinational and sequential components.	K6
					CO3	Solve Boolean expressions using the K-Map method.	K3
					CO4	Analyze the laws relating to computers and the internet.	K4
					CO5	Categorize the various operating system security threats, evaluate cryptography as a Security Tool, firewalling to protect systems. Create documents, spreadsheets and presentations with Office tools.	K6
5	I	HOLC0101	Introduction to Law and Legal Research	Core Law	CO1	Recognize and get introduced to the conception of law and its relevance to human life.	K1
					CO2	Understand the classification of laws and legal systems.	K1
					CO3	Apply the skills of using general and legal language.	K3
					CO4	Breakdown analytical skills of enquiry and legal reasoning.	K5
					CO5	Develop the notion of jurisprudence and its intersectionality with social problems.	K6
6	II	HOBC0205	Legal Language and Communication English-II	Interdisciplinary	CO1	State the concepts of communication skills- verbal, non-verbal and written.	K1
					CO2	Recognize the importance and usage of E-Communication skills.	K2
					CO3	Sketch the implication of logical reasoning for law professionals.	K4
					CO4	Prepare the finer manners of law and court procedure in prose lessons.	K3
					CO5	Value to know the use of legal jargon as law professionals, so as to enable them to have advanced professional related communicative skills in legal circles.	K3
7	II	HOBC0206	E-Commerce	Interdisciplinary	CO1	Gain knowledge on mobile commerce and online transactions etc	K1
					CO2	Study the various applications and services available on the internet to portable Devices.	K1
					CO3	Summarize the various devices and technology useful in M Commerce	K2
					CO4	Classify the various modes of mobile payments	K2
					CO5	Assess the security aspects involved in mobile commerce	K5
8	II	HOBC0207	Programming in C and Data Structures	Interdisciplinary	CO1	Understand the basic principles of Programming in C language.	K2
					CO2	Interpret the usage of branching and looping structures, Arrays in C	K2
					CO3	Apply the advanced features like Structures, union, Pointer and file operation in C language.	K3
					CO4	Demonstrate the data structures (array-based list, linked list, stack, queue, binary search tree).	K3
					CO5	Assess algorithms for sorting and searching.	K5
					CO1	Demonstrate the basic rules and principles relating to tort law and display knowledge and understanding of academic literature relating to tort law.	K1

9	II	HOLC0202	Law of Torts (Including Motor Vehicles Act & the Consumer Protection Act)	Core Law	CO2	Develop capacity to spot relevant legal issues in a given fact situation and set out the relevant law governing tortious issues.	K2
					CO3	Analysis the impact of tort law from a policy perspective to undertake legal research at a foundational level and evaluate legal information.	K3
					CO4	Improve the ability to discover, understand and integrate any changes to the tortious law in global parameters.	K4
					CO5	Creates ability and willingness to think critically about tortious liability to articulate own ideas and opinions that arise from that thinking.	K5
10	II	HOLC0203	Law of Contracts-I	Core Law	CO1	Examine the relationship between the Centre and the States in various aspects.	K2
					CO2	Understand the organization, powers and functions of all the various organs & institutions of the State.	K3
					CO3	Illustrate the role of the judiciary and the different kinds of jurisdictions that can be exercised by the Supreme Court and High Courts.	K4
					CO4	Understanding the methods of interpretation of the federal structure and center & state relations.	K6
					CO5	Evaluate the circumstances under which emergency can be proclaimed under the Constitution.	K6
11	III	HOB0308	Public Policy Governance-National & International Perspectives	Interdisciplinary	CO1	Analyse the ideas, mechanisms, practices and outcomes that shape public policy and governance problems, Programmes and policies.	K4
					CO2	Compose meaningful and equitable solutions to contemporary problems in Public Policy and Governance.	K2
					CO3	Estimate an in-depth understanding of the basic tenets and trends of law and governance.	K5
					CO4	Provide purposive solutions by framing problems, providing Programmatic solutions, undertaking policy and governance research	K6
					CO5	Develop ability to conduct professional analyses of social, political, and economic structures and bureaucratic processes.	K3
12	III	HOB0309	Relational Database Management System and Legal Analysis	Interdisciplinary	CO1	Outline the elementary and advanced features of DBMS and RDBMS.	K1
					CO2	Understanding the conceptual frameworks of SQL.	K2
					CO3	Demonstrate the legal analytic tools used for analyzing the legal documents.	K3
					CO4	Analyze the legal documents and predict the outcomes using the computational model from the legal arguments.	K4
					CO5	Assess query processing and optimization, database transactions and security.	K5
					CO1	Identify legal professionalism, ethics, values, doctrine, theory and skills to become outstanding professionals in a broad variety of settings.	K1
					CO2	Produce some level of depth rather than mere breadth, with an emphasis on analysis of primary theoretical literature correlating with the social history.	K2

13	III	HOLC0304	Jurisprudence	Core Law	CO3	Demonstrate orally and in writing, a critical understanding of major schools of legal theory that influenced the development of the western legal tradition and Indian legal System.	K3
					CO4	Summarize the rules, arguments and conclusions that are bound to conform to the requirement of logic.	K1
					CO5	Evaluate multiple and contrasting perspectives on law and engage in open-minded academic discussion of them in an applied context.	K5
14	III	HOLC0305	Law of Contracts II	Core Law	CO1	Understand the nuances of the contractual transactions involving Special forms of contracts.	K4
					CO2	Get insight on the special contracts such as contracts of indemnity, guarantee, bailment, pledge and etc., in the light of Indian contract Act, 1872 and various other legislations.	K2
					CO3	Examine the disputes arising out of contractual arrangements under special contracts.	K2
					CO4	Analyze the implications of a contractual arrangement under special contracts.	K2
					CO5	Evaluate the legality of the transactions and the rights and duties of the parties therein.	K5
15	III	HOLC0306	Family Law - I	Core Law	CO1	Identify the factors that determine the legality of domestic relationships.	K2
					CO2	Recall and compare the various religious laws relating to Marriage, Matrimonial Reliefs, Adoption, Guardianship and Maintenance.	K2
					CO3	Compare the personal laws as it existed before and after the codification and subsequent developments.	K4
					CO4	Summarise the secularization of personal laws in the background of the Constitutional Law and to realize the feasibility of UCC.	K4
					CO5	Evaluate the social impact of policy amendments in various personal laws	K6
16	IV	HOB0410	Law and Economics	Interdisciplinary	CO1	Describe the critical thinking and an interdisciplinary approach towards the Law and its relevance to economics and policy making.	K2
					CO2	Identify the law as an important organising force that influences the actions of private citizens as well as government agencies.	K1
					CO3	Experiment an interdisciplinary approach and enhance the employability of students.	K4
					CO4	Explain how law can support at times of conflict between the functioning of the market and the governance further to examine the rest of economic forces.	K2
					CO5	Enable the students to evaluate sector-wise challenges and their impact on Legal and Economic Institutions.	K5
					CO1	Classify the steps in the research process and locate the basic elements of a good research design.	K2
					CO2	Identify the sampling methods and the various sampling techniques.	K2

17	IV	HOBC0411	Sociology and Social Research Methods	Interdisciplinary	CO3	Separate the characteristics of quantitative and qualitative measurement, and understand how to operationalise concepts using each approach.	K4
					CO4	Analyse the various data collection techniques, for both quantitative and qualitative research.	K4
					CO5	Generate and create higher order thinking skills, including analytical, synthetic and application of practical knowledge.	K6
18	IV	HOBC0412	Software Engineering, Testing and its Legal Aspects	Interdisciplinary	CO1	Tabulate the planning activities in software project development and use the appropriate methods and tools for estimating software cost.	K1
					CO2	Apply modern software testing processes in relation to software development and project management.	K3
					CO3	Discover the test strategies and plans, design test cases, prioritize and execute them.	K3
					CO4	Survey the Legal aspects in Software engineering	K6
					CO5	Compile the Legal Issues Surrounding to Professional Practice	K1
19	IV	HOLC0407	Constitutional Law I	Core Law	CO1	Examine the relationship between the Centre and the States in various aspects.	K4
					CO2	Understand the organization, powers and functions of all the various organs & institutions of the State.	K2
					CO3	Illustrate the role of the judiciary and the different kinds of jurisdictions that can be exercised by the Supreme Court and High Courts.	K2
					CO4	Understanding the methods of interpretation of the federal structure and center & state relations.	K2
					CO5	Evaluate the circumstances under which emergency can be proclaimed under the Constitution.	K5
20	IV	HOLC0408	Family Law II	Core Law	CO1	Recall the laws relating to family matters governing inheritance, succession, partition, with practical approach and understand the scheme of succession under the Hindu, Muslim and Christian Laws.	K2
					CO2	Interpret the meaning and difference between intestate and testamentary succession under various religious laws.	K2
					CO3	Analyze the Hindu Joint Family system, coparcenary and partition and its effects under Hindu Law.	K4
					CO4	Summarize comparatively the property rights of women in various Personal Laws.	K4
					CO5	Evaluate the concepts like Hiba and Shuffa under Muslim Law.	K5
21	V	HOBC0513	Object Oriented Programming with Java,	Interdisciplinary	CO1	Understand Object Oriented Programming (OOP) concepts and basic characteristics of Java.	K2
					CO2	Relate the use of Java applications with threads and exceptions.	K2
					CO3	Experiment the principles of packages, inheritance and interfaces.	K3
					CO4	Point out the concepts of Multithreaded Programming.	K4

			Web Technology and its Legal Requirements		CO5	Assess the legal requirements and issues involved with the creation of a web site.	K5
22	V	HOLC0509	Constitutional Law II	Core Law	CO1	Examine the relationship between the Centre and the States in various aspects.	K3
					CO2	Understand the organization, powers and functions of all the various organs & institutions of the State.	K6
					CO3	Illustrate the role of the judiciary and the different kinds of jurisdictions that can be exercised by the Supreme Court and High Courts.	K2
					CO4	Understanding the methods of interpretation of the federal structure and center & state relations.	K2
					CO5	Evaluate the circumstances under which emergency can be proclaimed under the Constitution.	K5
23	V	HOLC0510	Indian Penal Code (Law of Crimes I)	Core Law	CO1	Gain Knowledge to prepare persuasive written and oral arguments for a legal and lay audience on issues relating to the drafting of new criminal laws and the application of existing criminal laws to common scenarios that arise in criminal practice.	K1
					CO2	Awareness of principles of ethical professional judgement in the management and conduct of a criminal law matter, relevant to both prosecution and defence.	K2
					CO3	Apply the principles of criminal law to complex legal problems, and critique the operation of criminal law from both a policy and theoretical/principled perspective.	K3
					CO4	Analyze the principles of criminal responsibility, undertake self-directed legal research using primary and secondary materials, and explores and evaluate legal Information relating to criminal law and legal theory. Research using primary and secondary materials, and explores and evaluate legal Information relating to criminal law and legal theory.	K4
					CO5	Evaluate the impact of criminal law from a policy perspective, with a focus on the impact of the law on those people who are vulnerable or outside mainstream culture.	K5
24	V	HOLC0511	Administrative Law	Core Law	CO1	Gain knowledge about the historical development of administrative law and gain conceptual clarity of this branch of law across various civil and common law Jurisdictions	K1
					CO2	Understand the importance, powers, and limitations of delegated legislation	K2
					CO3	Apply the crucial concept of natural justice and the touchstone requirements of administrative procedures;	K3
					CO4	Analyze and perceive the criticality of judicial review and state accountability, and understand the available remedies;	K4
					CO5	Evaluate and develop a keen understanding of the applicability of administrative law to public companies and be deeply aware of the importance of ombudsmen	K5
					CO1	Understand about different business organisations and comprehend importance of company form of business organisation with its incorporation and administration	K2
					CO2	Apply the leading provisions regulating companies in India with special reference to the Companies Act, 2013.	K3

					CO3	To provide a suitable environment to motivate the youth to take up a career in the Armed Forces	K6
					CO4	Value the awareness about social causes and community development	K3
					CO5	Gain knowledge on life saving and first aid	K1
26	VI	HOBM0614	Information Security and Digital Forensics	Interdisciplinary	CO1	Understand the different types of internet crimes and law related to the corresponding crime.	K2
					CO2	Associate the investigation tools used for digital evidence collection and preservation.	K2
					CO3	Discover the types of wireless networks and the security problems associated with the networks.	K3
					CO4	Distinguish cyber security with different forms of evidence in digital devices.	K4
					CO5	Generalize the security breaches of computer data that suggest violations of legal, ethical, moral, policy, and/or societal standards.	K6
27	VI	HOLC0614	Property Law	Core Law	CO1	Identify the rules of general and specific transfer and easements.	K3
					CO2	Demonstrate the principles of property law to resolve complex problems and theoretical questions.	K2
					CO3	Infer property law to complex problems and critically examine its operation from a range of theoretical and social perspectives and to Prepare convincing written arguments for a legal audience.	K2
					CO4	Simplify and define the concept and nature of transfer of immovable property, and illustrate the different types of transfers and rules relating to it.	K2
					CO5	Evaluate the general principles registration of documents relating to immovable property	K5
28	VI	HOLC0615	Law of Evidence	Core Law	CO1	Identify, assert and support objections to items of proof, using appropriate Evidentiary rules and tailoring objections to the facts at hand.	K3
					CO2	Understand and use a range of legally specific research principles, methods and tools to make a coherent and persuasive argument for the admission or exclusion of a specific item of evidence, incorporating information and legal standards drawn from both evidentiary rules and substantive law.	K2

					CO3	Research and apply evidentiary standards to complex issues and present a Persuasive written and oral argument for the admission or exclusion of the evidence.	K3
					CO4	Analyze and articulate the processes for the adversarial examination of evidence and differentiate between the roles of the district attorney and defense counsel in the presentation of evidence.	K4
					CO5	To plan and execute a witness examination that comports with evidentiary standards and that persuasively establishes a fact in issue in the case; anticipate and respond to Evidentiary objections that may be raised during examination.	K3
29	VI	HOLA0613	Public International Law	Core Law	CO1	Gain knowledge about how nation-state's function for the betterment of human life, promotion of fundamental goals to peace, prosperity, and advancement of human rights and the protection of the human environment for sustainable development.	K1
					CO2	Equip with the basic structural perspectives of international law and would be able to understand its significance as a bedrock subject of international relations.	K2
					CO3	Apply and trace the significance and influence of the normative principles involved in building the edifice and substance of transformative international law.	K3
					CO4	Analyze in order to appreciate diversity of the subject and its impact on States, their Subjects, the role and significance of international institutions and be able to create and defend principled legal arguments to carry further research.	K4
					CO5	Evaluate and acquire academic contemplation and training primarily in Public International law blended with human rights law and IHL and their practical orientation.	K5
30	VI	HOLA0601	Interpretation of Statutes	Ancillary Hon's	CO1	Understand the interpretation as a branch of legal science, which emerges out of the necessity triggered by the element of fallibility of human communications.	K2
					CO2	Demonstrate the concerns of human communication and relevance of interpretation.	K2
					CO3	Experiment and learn the necessity of principles of interpretation as a consistent source of man-made laws.	K3
					CO4	Reinforce and develop the skills of reading and writing legislations and deducing hidden assumptions with accuracy.	K3
					CO5	Assess the significance of principles of interpretation as tools of social change.	K3
					CO5	Imparted with the sense of responsibilities towards the public.	K5
31	VI	HOCC0601	Professional Ethics	Clinical Core	CO1	Understand the duties and responsibilities towards court, client, opponent and colleague.	K2
					CO2	Appraise the contribution of Bar and Bench towards access to justice.	K5
					CO3	Evaluate accountability towards court, parties and community at large.	K5
					CO4	Explain the Law of Contempt and procedures involved in it.	K2
					CO5	Imparted with the sense of responsibilities towards the public.	K5

32	VII	HOLC0717	Labour Law I	Core Law	CO1	Comprehend the evolution and conceptual backbones of social security laws and recognise the pivotal role played by ILO in ensuring social security rights for workers	K2
					CO2	Distinguish and interpret the rights of employees under various employment-related mishaps and consequences and understand the scope and reach of state insurance benefits to employees	K4
					CO3	Critically analyse maternity benefits available to women employees and their adequacy/inadequacy	K4
					CO4	Appraise the nuances of retirement benefits payable to employees	K5
					CO5	Test compliances by factories under relevant laws and design solutions through legal research.	K5
33	VII	HOLC0716	Environmental Law	Core Law	CO1	Study the basic environmental concerns from scientific, historical and political perspectives.	K1
					CO2	Identify various remedies for environmental wrongs.	K3
					CO3	Identify the constitutional scheme and propositions relating to environmental management.	K3
					CO4	Experiment the complexities of institutions, stakeholders' interest and politics over natural resources from villages to the globe.	K3
					CO5	Interpret the laws and governance structure of pollution control and natural resources management laws.	K2
34	VII	HOLA0702	Banking Law	Ancillary Hon's	CO1	Identify the effects of intellectual property rights on society and economy with special reference to the field of human rights, agriculture, health and information technology.	K3
					CO2	Understand the different types of IPR and be able to compare and contrast in terms of their key difference and similarities.	K2
					CO3	Assess, critique and apply theoretical justification and procedural aspects of each form of intellectual property protection	K5
					CO4	Compare and analyze the laws in other countries like the US, UK, EU and its impact on the growth of a nation's economy.	K2
					CO5	Examine and evaluate the modern IP protection to combat the new challenges especially biotech and pharma patents.	K4
35	VII	HOLA0703	Intellectual Property Law	Ancillary Hon's	CO1	Identify the effects of intellectual property rights on society and economy with special reference to the field of human rights, agriculture, health and information technology.	K3
					CO2	Understand the different types of IPR and be able to compare and contrast in terms of their key difference and similarities.	K2
					CO3	Assess, critique and apply theoretical justification and procedural aspects of each form of intellectual property protection	K5
					CO4	Compare and analyze the laws in other countries like the US, UK, EU and its impact on the growth of a nation's economy.	K2
					CO5	Examine and evaluate the modern IP protection to combat the new challenges especially biotech and pharma patents.	K4
					CO1	Summarise the various functional and theoretical bases for organizing economic relations at the international level.	K2

36A	VII	HOS10701	a. International Economic Law	Specialized Honors	CO2	Experiment the context in which the processes of and actors operate within the sphere of international economic law.	K3
					CO3	Examine the rules and principles to solve problems presented in class and hypothetical or cases decided by international dispute settlement bodies.	K4
					CO4	Assess the relationship between WTO law and bilateral and regional trade agreements.	K5
					CO5	Design the international economic law from multiple perspectives; in particular of individuals and organizations; in the public, private and third sectors.	K6
36B	VII	HOS10702	b. Comparative Constitutional Law	Specialized Honors	CO1	Understand the variety of constitutional systems across the world.	K2
					CO2	Identify the reflection on the potentialities and limits of constitutional law in regulating the exercise of public power in contemporary society.	K3
					CO3	Compare different government structures and their corresponding ways of protecting human rights.	K4
					CO4	Analysis of different types of government, federalism, judicial review, emergency and amendment practiced in other constitutions.	K4
					CO5	Compare the liberty and fundamental freedom of individuals across the Globe.	K3
36C	VII	HOS10703	c. Correctional Process	Specialized Honors	CO1	Demonstrate proficiency in knowledge and application of penology theory and establish the ability to locate, evaluate and effectively use information sources to conduct criminal justice	K2
					CO2	Determine knowledge of research methods and proficiency in the design of correctional research.	K5
					CO3	Validate a thorough and contextual knowledge of penal laws and the various leading cases particularly in its application to real law problems.	K5
					CO4	Analysis of the various aspects of the Indian legal structure like that of the concepts of restorative justice and compensatory schemes for victims.	K4
					CO5	Exhibit an ability to utilize ideas and research from social sciences and to understand the value of interdisciplinary approaches.	K6
36D	VII	HOS10704	d. Corporate Securitisation	Specialized Honours	CO1	Understand the statutory provisions, identify the legal issues impacting the financial market.	K2
					CO2	Apply laws regulating financial markets to trading of securities, mutual funds, investment companies, to protect investor interest.	K3
					CO3	Analyze ways to establish risk avoidance and incorporate control mechanisms to evaluate alternative financing options.	K4
					CO4	Critically evaluate the working of securitization in relation to rehabilitation of sick companies.	K5
					CO5	Appraise the economic environment and the impact of governmental economic policies on consumers, financial institutions and make investment policy recommendations.	K5

37A	VII	HOS20701	a. International Treaties & Conventions on IP	Specialized Honours	CO1	Comprehend the nature of the international system that regulates Intellectual Property Rights.	K1
					CO2	Discuss the different Multilateral Organizations where rules are negotiated and applied with subject matter interest in IPRs.	K2
					CO3	Evaluate the basic principles and policies underlying the protection of IPRs at the multilateral level to protect IP and harmonize the laws of the member nations.	K5
					CO4	Examine the significant developments regarding the enforcement of IP at the regional and international level.	K4
					CO5	Analyses the procedural aspects and challenges of International IP protection and enforcement.	K4
37B	VII	HOS20702	b. Introduction to Land Laws	Specialized Honours	CO1	Understand the concept of real property and the various movements of India	K2
					CO2	Associate the right to property under Indian constitution	K3
					CO3	Evaluate various land reformatory systems exists in pre-independence	K5
					CO4	Understand the doctrine of eminent domain and the power of acquisition of land by the government	K2
					CO5	Analyze the circumstances under which land can be acquired for industrial purposes and to Understand the land rights of tribals.	K4
37C	VII	HOS20703	c. Criminology	Specialized Honours	CO1	Understand and apply competing sociological and criminological theories to explain the social construction of crime and deviance, the nature and causes of crime, and the social reaction to crime and deviance.	K2
					CO2	Analyzing criminality and getting an in-depth knowledge of the criminal justice system, equipping them with skills that analyze data, determine the cause of crime and predict ways of preventing criminal behavior and crimes.	K4
					CO3	Formulating theoretical and empirical explanations of various social problems associated with the criminal justice system in India.	K6
					CO4	Critically analyze the differential impact of criminal justice policy for population groups, including women, juveniles, racial and ethnic minorities, socioeconomic classes and victims.	K4
					CO5	Creates opportunities for the persons who are thrust in the area of criminal justice degree Programme for career development.	K6
37D	VII	HOS20704	d. International Labour Organisation and Labour Jurisprudence	Specialized Honours	CO1	Outline the genesis of ILO in its historical context and its procedural complexities	K2
					CO2	Identify the foundational role the ILO has played in labour jurisprudence, including through the international labour code	K3
					CO3	Examine India's long history of engaging with the ILO and implementing its decisions to uplift its workers	K4
					CO4	Assess the various keystone concepts of labour jurisprudence and also comprehend the role played by the judiciary in developing such jurisprudence	K5

					CO5	Develop critical thinking and deep reflections in developing solutions to contemporary challenges in protection of labour rights	K3
38	VIII	HOLC0818	Labour Law II	Core Law	CO1	Appreciate the evolution and conceptual backbones of social security laws and recognise the pivotal role played by ILO in ensuring social security rights of workers.	K2
					CO2	Identify the scope and reach of state insurance benefits to employees	K3
					CO3	Distinguish the rights of employees under various employment-related mishaps and consequences	K4
					CO4	Critically analyse maternity benefits available to women employees and their adequacy/inadequacy	K4
					CO5	Compile the nuances of retirement benefits payable to employees, test the compliances to be followed by factories critically analysing the relevant laws.	K6
39	VIII	HOLA0804	Competition Law	Ancillary Hon's	CO1	Understand the Economic theory of competition law, the need for protecting competition in the market and the difference between competition law and policy.	K2
					CO2	Apply the leading provisions regulating competition in India with special reference to the Competition Act, 2002.	K3
					CO3	Analyze the various kinds of anti-competitive practices such as Anti-competitive agreements, abuse of dominant position and combination with special reference to landmark judgments.	K4
					CO4	Evaluate the functions of the Competition Commission of India and the role played by the Director General in conducting the investigation process	K5
					CO5	Gain the insight on Competition Advocacy	K2
40	VIII	HOLA0805	Cyber Law and Information Technology	Ancillary Hon's	CO1	Understand the level of technological advance in the Commercial arena and to know the laws regulating cyberspace.	K2
					CO2	Apply the rudiments of internet technology to Contracts, Crimes and civil wrongs.	K3
					CO3	Explore the legal and policy developments in various countries regulating cyberspace.	K2
					CO4	Analyze the scope and function of legal and technological regulation of the internet.	K4
					CO5	Gain insights into Information Technology Act and legal framework of right to Privacy, Data Security and Data Protection.	K2
41A	VIII	HOS30801	a. International Human Rights Law	Specialized Honours	CO1	Identify the basics of international human rights law and its application at the municipal level.	K3
					CO2	Understand the scope and limitations of human rights discourse and law making.	K2
					CO3	Apply the national and international human rights law at various courts, political platforms and societal groups.	K3
					CO4	Create strategies involving policies, laws and governance to strengthen the human rights framework.	K6
					CO5	Construct and evolve the application of human rights to complex social, political and economic situations.	K6
					CO1	Appreciate the provisions under the Indian Constitution dealing with human rights.	K3

41B	VIII	HOS30802	b. Human Rights in the Constitutional Law	Specialized Honours	CO2	Realise liberty, Equality and Fraternity (union of trinity) by ensuring that these values are applicable not in the public domain but also in the private sphere.	K2
					CO3	Display the understanding of the practical application of human rights legislations to specific human rights problems in India.	K3
					CO4	Advocate about human right awareness and duties education.	K4
					CO5	Evaluate the role of the judiciary in balancing individual liberty with social control.	K5
41C	VIII	HOS30803	c. Cyber Crime	Specialized Honours	CO1	Understanding emerging forms of cybercrime and identifying various forms of cybercrime as well as risk factors for victimization and perpetration.	K2
					CO2	Develop, understand, and apply the sociological perspective to various forms of cybercrime and comprehend the intersections between cybercrime and other criminal behaviour.	K6
					CO3	Applying various theoretical perspectives to understand the role of Police, Government offices, students, lecturers and the Non-Governmental Organizations to cater to the problem of cybercrimes.	K3
					CO4	Identify the essential and up-to-date concepts, algorithms, protocols, tools, and methodology of cyber-forensics to correctly define and cite appropriate instances for the application of computer forensics Correctly	K3
					CO5	Apprehending the challenges and barriers law enforcement experiences during cybercrime investigations.	K4
41D	VIII	HOS30804	d. Insurance Law	Specialized Honours	CO1	Demonstrate knowledge of the legal and ethical aspects of insurance Law.	K2
					CO2	Discuss and appreciate the importance of the impact of globalization and diversity in modern insurance-based organizations.	K2
					CO3	Apply how losses are measured and the various principles such as of indemnity, Contribution, subrogation, reinstatement etc that are applied in accessing insurance claims.	K3
					CO4	Develop the ability of critical thinking and an analytical approach to the application of knowledge and skills.	K6
					CO5	Reframe the significance of various types of insurances and the consequences of the happening of various perils insured against.	K3
42A	VIII	HOS40801	a. IP on Traditional Knowledge and Genetic Resources	Specialized Honours	CO1	Understand the nature, scope and ownership issue of traditional knowledge, traditional cultural expression and genetic resources	K2
					CO2	Comprehend and focus on the protection of traditional knowledge and genetic resources and the reforms needed at the International and National level.	K2
					CO3	Interpret the impact of Traditional Knowledge, Genetic resources and Cultural IP in the aspects of protection of indigenous communities.	K2
					CO4	Analyses the need for proper forum to address the challenges in IP protection for Traditional Knowledge.	K4
					CO5	Identifies and promotes the participation of Indigenous communities in International IP debates.	K3

42B	VIII	HOS40802	b. Land Laws of Tamil Nadu	Specialized Honours	CO1	Classify the State legislations relating to land	K4
					CO2	Identify procedure in fixing ceiling limit	K3
					CO3	Useful to relate procedural aspects in registration of land, obtaining patta, Chitta	K3
					CO4	Enumerate and help in civil side practice.	K4
					CO5	Analyze the laws pertaining to Land Registration in the State of Tamil Nadu	K4
42C	VIII	HOS40803	c. Forensic Science and Investigation	Specialized Honours	CO1	Keep pace with the emerging developments in Criminal Justice and Forensic Science and help to generate the well-informed citizens on the criminal laws and with an exposure to the application of forensic science in crime investigation.	K2
					CO2	Enhance the competencies of the professionals working in the area of the criminal justice system.	K2
					CO3	Deduce the evidence presented as part of a case study by considering the subjective and objective nature of the evidence and what this may mean to the strength of conclusions.	K3
					CO4	Evaluate the limitations of forensic techniques and interpretations and explore the nature and limitations of the evidence that scientific tests deliver.	K4
					CO5	Insight into forensic practice and the law relating to forensics allows one to discover interests in forensics and has been a revelation in terms of the career after this degree.	K2
42D	VIII	HOS30804	d. Service Laws	Specialized Honours	CO1	Understand the origin and development of services law and appreciate its current position in the appropriate historical context	K2
					CO2	Analyse the Constitutional provision governing services law	K4
					CO3	Identify the key concepts in laws governing public services	K3
					CO4	Critically examine laws and judicial precedents governing services laws	K4
					CO5	Elaborate on the changing roles and the impact of globalization on bureaucracy.	K6
43	VIII	HOCC0802	Alternative Dispute Resolution Policy	Clinical Core	CO1	Understand the nature, scope and ownership issue of traditional knowledge, traditional cultural expression and genetic resources.	K2
					CO2	Examine the protection of traditional knowledge and genetic resources at the International and National level.	K4
					CO3	Interpret the impact of Cultural Property on the intangible cultural heritage of the country.	K2
					CO4	Generalize the international and national level address the Issue of TK and Genetic Resources.	K4
					CO5	Compile legal and policy norms at the intersection of the three regimes.	K6
			Civil Procedure Code		CO1	Examine a complete grasp and understanding of the general principles of Civil Procedure and gain mastery over the subject.	K4
					CO2	Illustrate a thorough explanation on all the essential aspects of civil procedure and practice, right from the inception of a civil suit until its finality, with reference to limitation laws.	K3

44	IX	HOLC0919	and Limitation Act	Core Law	CO3	Construct knowledge on the latest trends involved in the electronic filing of civil suits including e-vakalatnama.	K3
					CO4	Understand about the latest amendments incorporated along with its effects.	K2
					CO5	Appraise themselves as future advocates in civil side practice.	K5
45	IX	HOLC0920	Criminal Procedure Code (Law of Crimes-II)	Core Law	CO1	Ensure a fair trial where none of the rights of the accused are compromised nor are they unjustifiably favored. Furthermore, to ensure that the judge concerned hears all parties who are relevant to the trial, their presence at the trial is obviously important.	K3
					CO2	Familiarize the crucial aspects relating to investigation and trial of offences (like initiation of criminal cases, powers and duties of police during investigation of offences, stages of criminal trial, functions, duties, and powers of criminal courts)	K2
					CO3	Sensitize critical issues in administration of criminal justice (like protection of human rights of accused, victims, principles of fair trial)	K3
					CO4	Sets the state's machinery running with respect to enforcing law and order and imparting justice, and regulates the procedure followed by these institutions.	K4
					CO5	Create legal machinery for the detection of crime, apprehension of suspected criminals, collection of evidence, determination of the guilt or innocence of a suspect, and imposing suitable punishment on the guilty person.	K6
46	IX	HOLA0906	Maritime Law	Ancillary Hon's	CO1	Appraise the International and Indian Admiralty and Maritime laws	K2
					CO2	Articulate and analyze the roles of national governments and international organizations in the regulation of laws of sea	K3
					CO3	Gain insights on practice in maritime and admiralty law in India	K2
					CO4	Know how the admiralty system works in India with reference to ship management, safety and merchant shipping	K5
					CO5	Appraise the protection of maritime labourers.	K2
47A	IX	HOS50901	a. Private International Law	Specialized Honours	CO1	Demonstrate the conceptual necessity, contextual inevitability and the legal adaptability of trans-national transactions.	K2
					CO2	Discover the desirability and effectiveness of sovereign immunity and impact of foreign judgments and create the worn-out deliberation on the most crucial aspect affecting the frontier activities.	K4
					CO3	Utilize the knowledge of a substantial range of major concepts, values, principles and rules of conflict of laws and make use of its substantial and procedural aspects explaining the relationship between them in specified areas.	K2
					CO4	Prioritize and comprehend the complex issues arising out of trans-national matrimonial relationships; horizons of contract, tort, and property beyond domestic frontiers	K3
					CO5	Formulate the compelling influence of different personal factors beyond the boundaries of transactions.	K6
					CO1	Applying the Constitutional perspectives relating to these subjects have to be taught as an essential part of this course.	K5

47B	IX	HOS50902	b. Law of Election	Specialized Honours	CO2	Understand on Election law and the diversity of electoral institutions and arrangements	K2
					CO3	Different Procedural aspects of holding elections under various Constitutions	K4
					CO4	Effectiveness of Election law as the means to articulate, deliver and regulate the democratic rights	K4
					CO5	Role of Judiciary in adjudication of Election Disputes	K5
47C	IX	HOS50903	c. Victimology	Specialized Honours	CO1	Understand the physical, emotional, and psychological effects of victimization on individuals and their families	K2
					CO2	Understand the various theories and research methodologies used in victimology	K4
					CO3	Analyse the different types of victim services available to victims of crime, including crisis intervention, counseling, and legal assistance	K6
					CO4	Comprehend on legal rights of victims, including the right to be heard in court, the right to compensation, and the right to privacy	K4
					CO5	Research on the principles and practices of restorative justice, including the importance of repairing harm and addressing the needs of victims, offenders, and the community as a whole	K3
47D	IX	HOS50904	d. International Commercial Arbitration	Specialized Honours	CO1	Acquire knowledge on arbitration as a dispute settlement mechanism in international commercial disputes.	K1
					CO2	Compare and understand the relationship between UNCITRAL Model Law and International Commercial Arbitration.	K4
					CO3	Demonstrate the cooperation between Arbitration and National Judicial Systems.	K2
					CO4	Analyse the forms and important aspects of International Commercial Arbitration.	K4
					CO5	Understand the concept of agreements related to International Commercial Arbitration.	K2
48A	IX	HOS60901	a. Intellectual Property Litigations	Specialized Honours	CO1	Identify the practical application IP Laws and the procedural aspects of enforcement of Intellectual Property Rights.	K3
					CO2	Discover and learn about cross border IP litigations by analyzing the interpretation of IP Laws.	K6
					CO3	Understand the dispute resolution mechanism and the significance of Arbitration measures.	K2
					CO4	Analyses the cost-effective mechanism and the best practices to be followed in dispute redressal forums.	K4
					CO5	Appraise international IP enforcement mechanism and its challenges, impact and the reforms needed to promote harmonization in IP business.	K5
					CO1	Knowledge to solve practical problems	K1
					CO2	Understand and describe legislative power to make laws relating to land in the state list.	K2

48B	IX	HOS60902	b. RERA and Tenancy Law	Specialized Honours	CO3	Applying the Constitutional perspectives relating to these subjects have to be taught as an essential part of this course.	K3
					CO4	Different states have enacted their own laws on this subject and the application of these laws is varied from state to state.	K4
					CO5	Problem-solve complex issues in the land related matters and society related to Real estate, disputes between landlord and tenant including cultivating tenant	K6
48C	IX	HOS60903	c. Psychology of Crime	Specialized Honours	CO1	Understand the cause of behavior at an individual level. Environmental, Biological, Physiological, cognitive and psychological factors affecting, or motivating individuals to behave in a certain manner.	K2
					CO2	Analyze the social factors, which can explain behavior of individuals in a group. It is aimed at understanding how presence of others affects the behavior of an individual	K4
					CO3	Create instructions and increase the knowledge of investigators to help them deal with cases of mental illness who are involved in crime.	K6
					CO4	Comprehend the mental state of those who have shown deviant behavior and how such offenders can be reintegrated back into the society.	K3
					CO5	Research on ways to deal with investigator, offender and victims' issues, which arise during the process of case investigation. It is to draw and develop effective interventions to maintain and improve mental health of professionals and to provide counselling to offenders and victims.	K6
48D	IX	HOS60904	d. Social Security and Unorganised Labour	Specialized Honours	CO1	Comprehend the complex issue of unorganised labour and their challenges	K3
					CO2	Identify the crucial role played by ILO in their upliftment	K3
					CO3	Critically analyse social security law through the lens of unorganised labour	K4
					CO4	Critically evaluate the challenges faced by workers in unorganised sector	K5
					CO5	Propose solutions to sector specific problems and critically examine the efforts taken to legislate for their improvements	K6
49	IX	HOCC0903	Drafting Pleading, Conveyancing and Chamber Visit	Clinical Core	CO1	Learn not only from the text but also the practical approach which is a must for an advocate.	K2
					CO2	Establish a law firm and will coordinate registration work.	K6
					CO3	Depth knowledge in this subject matter and to understand the nature of drafting in pleadings and conveyancing.	K1
					CO4	Enumerate certain legal conditions and other formalities that are governed by law and property law.	K4
					CO5	Choose practice before the court drafting of pleading is most necessary	K6
					CO1	Understand and resolve ethical hitches in Conciliation and Mediation as settlement mechanisms.	K1
					CO2	Apply and practice mediator skills and undertake legal research and promote legal reforms in theory and practice.	K3

50	X	HOLC1021	Mediation and Conciliation	Core Law	CO3	Choose the right techniques and apply effective communication, gain success by bringing about consensus and draw up settlement agreements.	K3
					CO4	Summarise and apply the substantive techniques of mediation and conciliation	K3
					CO5	Appraise via internship and training as observers at court-annexed mediation centers, at private mediation centers, with sitting/former Judges of Supreme Court and/or High Courts, and/or by senior and/or experienced Advocates.	K2
51	X	HOLC1022	Law of Taxation	Core Law	CO1	Understand the meaning, nature and scope of tax along with its constitutional background.	K2
					CO2	Recognize the taxable event that has Income tax / GST implications together with its procedural aspects embodied in respective tax laws.	K2
					CO3	Apply the theoretical knowledge in computation of income tax and GST as it operates in relation to individuals and other entities.	K3
					CO4	Analyse the procedural aspects for assessment of tax liability for various assessments.	K4
					CO5	Evaluate the powers and functions of various tax authorities under different tax statutes.	K5
52	X	HOLC1023	Criminal Minor Acts	Ancillary Hon's	CO1	Understand the legal framework surrounding minor offenses, including the relevant laws and regulations that govern these types of offenses	K1
					CO2	Identify the key elements that make up different types of minor offenses, including the specific actions or behaviours that are prohibited by law	K2
					CO3	Identify the potential penalties associated with committing minor offenses, including fines, community service, and short-term imprisonment	K4
					CO4	Analyse into the criminal justice system, including the different stages of arrest, booking, arraignment, and trial	K6
					CO5	Understand how the criminal justice system operates in relation to minor offenses, including the role of law enforcement, prosecutors, and defence attorneys	K2
53	X	HOCC1004	Mock Court and Court Training Programme	Clinical Core	CO1	Demonstrate a thorough and contextual knowledge of the various laws particularly in its application to real and hypothetical legal problems.	K2
					CO2	Analyze as well as critical thinking of students over interesting and contemporary legal issues.	K4
					CO3	Develops interest in advocacy and competence as an advocate.	K6
					CO4	Develops skill in advocacy, legal research and writing skills.	K6
					CO5	Construct interest in advocacy and competence as an advocate.	K6

COURSE OUTCOMES – LL. B (Hons.)

Sl. No.	Sem	Course Code	Course Name	Category	Course Outcome (CO)	Cognitive Level	
1	I	H3LC0101	Introduction to Law and Legal Research	Core Law	CO1	Recognize and get introduced to the conception of law and its relevance to human life.	K1
					CO2	Understand the classification of laws and legal systems.	K1
					CO3	Apply the skills of using general and legal language.	K3
					CO4	Breakdown analytical skills of enquiry and legal reasoning.	K5
					CO5	Develop the notion of jurisprudence and its intersectionality with social problems.	K6
2	I	H3LC0102	Jurisprudence	Core Law	CO1	Identify legal professionalism, ethics, values, doctrine, theory and skills to become outstanding professionals in a broad variety of settings.	K3
					CO2	Produce some level of depth rather than mere breadth, with an emphasis on analysis of primary theoretical literature correlating with the social history.	K6
